Subject: RE: Terminating a license - Isolite
Date: Wednesday, February 05, 2020 11:03:31 AM

Martha,

In accordance with 10 CFR 32.25, licensees who permanently discontinue activities authorized by the license issued under § 32.22 shall file a report for the current calendar year and the report for 2019 if you have not done so. If no transfers of byproduct material have been made under 10 CFR 32.22 during the reporting period, the report must so indicate.

We will continue our review upon receipt of this information. If we do not receive a reply from you within 30 calendar days from the date of this email, we will assume that you do not wish to pursue your application request.

Please be aware that upon your request, proprietary information submitted to the NRC may be withheld from public disclosure. To do this, you must follow the procedures in 10 CFR 2.390(b) including requesting withholding at the time the information is submitted and complying with the document marking and affidavit requirements set forth in 10 CFR 2.390(b)(1).

Regards,
Shirley

Subject: [External_Sender] Terminating a license

Good Morning Ms. Xu

Isolite has a license from the NRC to distribute gun sights. Isolite E-Distribution License 37-23527-01E - Docket # 030-38506

At this time, we at Isolite would like to terminate this license because we are no longer handling or distributing gun sights out of our Berwyn office.

I believe you had a conversation with Bill Rowan in the past about this and Bill told me that you told

him to send an email to you when we wanted this to happen.

Can you please tell me if I need to fill any forms out for the NRC and if so, which ones, and who do I direct everything to at the NRC?

Thank you

Regards

Martha
