Dear Mr. Ashley,

I am a student at Central Catholic High School in Toledo, and I would appreciate it very much if you could answer a few questions.

Why was the cooling tower at the Davis-Besse Atomic Power Plant approved only after investigation proved that one was required?

Why are we not adopted the same policy that Canada came up with?

And what is the meaning of the Reorganization Act and the effects it has on us?..

Respectfully yours,
Theresa Bailley
