Re: Crystal River Power Plant
Units 1, 2 and 3
NPDES No. FL0000159

Dear Mr. Mueller:

Attached for your review and comment is a draft of the modified National Pollutant Discharge Elimination System (NPDES) permit for the above referenced facility. This draft embodies concepts evolved in a series of meetings in which members of your staff were invited to participate.

Please forward your comments no later than January 5, 1976, so that issuance of the modified permit can be expedited.

Sincerely yours,

Howard D. Zeller
Deputy Director
Enforcement Division
