Mr. L. Manning Muntzing
Director of Regulation
U.S.A.E.C.
Washington D.C. 20545

POOR ORIGINAL

Dear Mr. Muntzing:

We wish to extend an invitation to you and members of your staff to attend our "Fourth Semi-Annual Review of Environmental Research Programs at Crystal River." As you are aware, these research programs are being conducted principally in the interest of assessing the environmental impact of the Unit #3 nuclear plant, and are also important in the planning of the Unit #4 nuclear plant scheduled for 1978 operation.

As in the past, this meeting will provide an opportunity for you to participate in an interchange of ideas with the researchers in an effort to direct a better understanding of our environmental problems and their solutions.

The meeting is planned to begin at 9:00 a.m., Friday, May 5, 1972, and will extend through the day--lunch will be provided. The meeting will be held in the conference room of Crystal River Unit #1. The plant site is located approximately 7½ miles north of Crystal River, Florida, west of U.S. 19. You will receive directions for parking arrangements at the guard shack as you arrive at the site.

Please advise us before April 24, 1972 if you plan to attend. Our address is P.O. Box 14042, St. Petersburg, Florida 33733. Our new phone number, which will be effective after April 17, is (813) 866-5151. Please address your response to my secretary Mrs. Ila Westphall.

We sincerely look forward to your participation with us May 5.

Very truly yours,

J. T. Rodgers
Asst. Vice President

FLORIDA POWER CORPORATION
FOURTH SEMI-ANNUAL REVIEW OF ENVIRONMENTAL RESEARCH
PROGRAMS AT CRYSTAL RIVER
May 5, 1972

AGENDA

- 9:00 A.M. Opening Remarks - Florida Power Corporation.
9:15 A.M. "Independent Environmental Study of Thermal Effects of Power Plant Discharge at Crystal River" - Marine Science Institute, University of South Florida.
10:00 A.M. Discussion.
10:15 A.M. Break.
10:30 A.M. "Structural Organization of the Thermal Effects Studies at Crystal River" - Generation Environmental and Regulatory Affairs, Florida Power Corporation.
11:00 A.M. Discussion.
11:15 A.M. "Evaluation of the Marine Ecosystem Developing Within, and Adjacent to the Thermal Plume of the Power Generation Units at Crystal River, Florida" - University of Florida.
11:45 A.M. Discussion.
12:00 Noon Lunch.
1:00 P.M. "Effects of Power Plant Chlorination on Marine Microbiota" - Department of Environmental Engineering, University of Florida.
1:30 P.M. Discussion.
1:45 P.M. "Pre-operational Radiological Survey of Crystal River" - Florida Department of Health and Rehabilitation Services.
2:15 P.M. Discussion.
2:30 P.M. "Environmental Surveillance of Radioactivity in the Vicinity of Crystal River Plant: An Ecological Approach" - University of Florida.
3:30 P.M. Discussion.
3:45 P.M. Break.
4:00 P.M. "Mariculture at the Crystal River Plant" - Ralston-Purina.
4:30 P.M. Discussion.
4:45 P.M. "Summary - A Listing of Aspects of Discussion or Concern" - Generation Environmental and Regulatory Affairs, Florida Power Corporation.
5:00 P.M. Adjourn.
