PROPOSED ~~SHUT DOWN~~ (70-4)
SMELTED ALUMINUM

© USPS 1978

Dear Commissioner Ahearne,

I am writing to advise you that there is significant psychological stress as a result of the accident at Three Mile Island. I am concerned that the effect of reopening Unit 1 will be harmful to business and the community at large. Under no circumstances should it be reopened before the hearing process is complete and everyone has had an input. I remain hopeful that you will recognize this negative impact on the community. This is all
