Docket Nos. STN 50-498, STN 50-499
Second Interim Report Concerning
Service Level I Paintings & Coatings

On September 22, 1980, pursuant to 10CFR50.55(e), Houston Lighting & Power Company notified your office of an apparent breakdown in the quality program of Service Level I paintings and coatings of concrete and steel surfaces inside the reactor containment building. An independent consultant has developed a draft test program which provides both procedures and quality assurance requirements. HL&P and Brown & Root are currently reviewing this draft program. A description of the program to be implemented will be provided mid-March.

Should there be any questions, please contact Mr. Michael E. Powell at (713) 676-8592.

Very truly yours,

G. W. Oprea, Jr.
