PROJECT NUMBER  
50-289

50-289

Dear Sir

Would you please

consider opening the Three Mile Island

Unit 1. —

I would like to see lower

Electric Bills —

I agree Nuclear power is safe  
most important to all of America, it is  
inexpensive & Very Safe.

T.M.T-1 is different & S.F. —  
" has been modified

The N.R.C. has waited quite a  
long time to decide. Hurry up

T M I needs to be  
restated without your agreement  
to decide, such a important  
project that every one needs  
Not only the people the  
Government policies,

You folks need it more  
You certainly for more bills  
to pay the people up like the pension  
Sincerely
