

DOCKET NUMBER

Dear Mr. Ahearne:

I am writing in reference to Docket 50-289SP, TMI-Unit 1, Middletown, Pennsylvania. It was unfortunate that the U.S. government decided to stop the operation of TMI-1. Now that modifications are complete TMI-1 needs to be restarted without further delay. It is important to remember the following:

- Nuclear power is safe and needed;
- TMI-1 was not in danger of being damaged in the accident at TMI-Unit 2;
- The NRC has been too long to decide the fate of TMI-1.

Sincerely,

Edward W. Browning
