Dear Sir:

Re: Docket 50-289
TMI - Unit 1
Middletown, Pa.

This letter is in response of the
restating of TMI - Unit 1. This
unit has been modified and should
be restarted without delay. The
unnecessary cost to our country
continually should be stopped
restating TMI Unit 1 is
in the best interests of all of us
& especially those directly
affected by this shutdown.

Thank you for this concern.

Sincerely yours
Robert McIntosh
