Nuclear Regulatory Commission  
Chairman Hon. James F. Ahearne  
1717 H Street, NW  
Washington, DC 20555

Dear Mr. Ahearne:  
I would like to tell you  
I know more about fallout from  
nuclear tests than possible accidents  
from nuclear energy plants.  
Freedom requires calculated risks.

Without nuclear energy we will  
be at the mercy of Foreign countries  
that have full scale nuclear energy  
plants in operation and expansion.  
Please consider the consequences.  
We all will face if we fail to  
act now.

With belief very sincerely  
Lester H. Kittilsen, M.D.
