

50-289 (Resub)

February 11, 1981

The Honorable Richard T. Kennedy, Member
U. S. Nuclear Regulatory Commission
Washington, D.C. 20540

Dear Sir:

We are writing to solicit your expeditions support for the election and re-election of NRC, and to express our own support.

We are well aware of the national security situation which may exist in our country and we feel that, in order to be able to cope with nuclear power, our nation has made a great effort to build a strong and secure nuclear industry.

We are well aware of the national security situation which may exist in our country and we feel that, in order to be able to cope with nuclear power, our nation has made a great effort to build a strong and secure nuclear industry.

We are well aware of the national security situation which may exist in our country and we feel that, in order to be able to cope with nuclear power, our nation has made a great effort to build a strong and secure nuclear industry.

Thank you for your consideration and support.

Very truly yours,

Robert J. Maine, A.S.U.I.
