James W. Smith, Chairman  
Atomic Safety & Licensing Board  
25 North Court Street  
Harrisburg, Pa. 17101

Dear Sir:

As a consumer of electricity and a  
stock holder of G. P. U. I hope you will look  
favorably on the starting of T.M.T Unit-1  
as soon as possible.

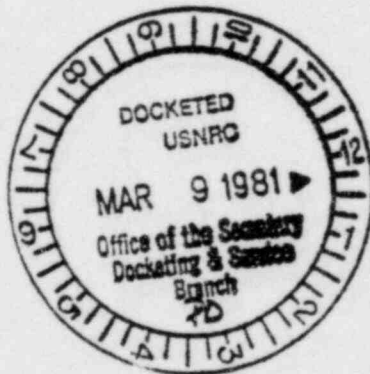

Starting of Unit-1 will enable the  
Utility to decrease the purchase of electricity  
from neighboring companies and lower  
the rates to its customers.

Sincerely yours

Edward Ott PE
