Monthly Operating Report  
(File: 0520.1)

Gentlemen:

Attached find the Monthly Operating Report for April 1981 for Arkansas Nuclear One - Unit 1.

Also, attached is a copy of the Unit Shutdowns and Power Reductions portion of the March, 1981 report which indicates changes made during a call with members of your staff on May 13, 1981, in order to report an extension of the refueling outage. These changes modify the forced outage factors for the month of March 1981, and the annual factor through March such that the correct factors are 1.5% and 1.3%, respectively.

Very truly yours,

*David C. Trimble*
