Subject: Safety Concerns Associated with Pipe Breaks
in the BWR Scram System

Reference: 1) Letter from D. G. Eisenhut to All BWR Licensees
Dated April 10, 1981, Same Subject

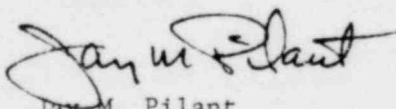

2) Letter from G. G. Sherwood (G.E.) to
D. G. Eisenhut, dated April 30, 1981,
Same Subject

Dear Mr. Eisenhut:

Reference 1 requested Nebraska Public Power District to provide information regarding a generic evaluation of pipe breaks in the scram system at our facility. Reference 2 adequately addresses these concerns for Cooper Nuclear Station. The General Electric report NEDO-24342, submitted previously as an attachment to Reference 2, is enclosed for your review.

If additional information or clarification is required, please contact me.

Sincerely,

Jay M. Pilant
Director of Licensing
and Quality Assurance
