Clarification to Operator Training  
per Item I.A.3.1 NUREG 0737

Dear Sir:

In BECo Letter #80-310 dated December 15, 1980, we stated that simulator examinations have been included for operator requalification. This statement was questioned by one of your Staff reviewers and clarified in a telephone discussion between Messrs. Eccleston, Wiggington (NRC) and Messrs. Keyes, Olson (BECo) as follows:

Simulator exams are required for initial Licensing only. Simulator training is required for requalification.

In addition, a description of our initial operator training and requalifications programs as requested by Mr. Wiggington can be found in Sections 3.1.1 and 3.1.2 of the Pilgrim Nuclear Power Station Training Manual, a copy of which is on file in the offices of Mr. D. Beckham (O.L.B.)

Should you require any additional information on this subject, please do not hesitate to contact us.

Very truly yours,

W. H. Deacon
