Subject: Emergency Plan and Torus Temperature Limit Review Fees  
Cooper Nuclear Station  
NRC Docket No. 50-298, DPR-46

Reference: 1) Letter from J. M. Pilant to D. B. Vassallo,  
dated February 15, 1982, "Emergency Plan  
Review Fees"

Dear Ms. Diggs:

Your letter of April 8, 1982 requested that the District submit an additional sum of \$2,800 for the completed review of the Maximum Suppression Pool Temperature Limit Technical Specification change. Since the License Fee Management Branch will undoubtedly refund the \$4,000 Class III fee defined in Reference 1, the District requests that only \$1,200 be refunded for the review of the Emergency Plan (which was never performed) and that the remaining \$2,800 be applied to the Class III fee for the Maximum Suppression Pool Temperature Limit Technical Specification change.

I trust that this final resolution of this four year old issue will be acceptable.

Sincerely,

Jay M. Pilant

and Quality Assurance
