Applicants have requested each petitioner to allow a representative of Applicants to accept service of its supplement in person at a place specified by such petitioner. In view of the number of petitioners involved in this proceeding, Applicants believe that every available day between May 14th and May 28, 1982 will be required for preparation of responses to the contentions which will be contained in the supplements and wish, therefore, to avoid the delay in receipt of the supplements that would be caused by service by mail.
