ACTIVATION OF THE EMERGENCY
ORGANIZATION

QEP 320-1
Revision 4
March 1982

IN/5B

A. PURPOSE

The purpose of this procedure is to outline the method to provide for the activation of the Quad-Cities GSEP organization.

B. REFERENCES

1. GSEP Tables 6.1-1 through 6.1-5.
2. GSEP-QCA Section 6.1.
3. QEP 310-1.
4. QEP 310-T1.
5. QEP 310-T2.
6. QEP 310-T3.
7. ED-17.

C. PREREQUISITES

1. None.

D. PRECAUTIONS

1. None.

E. LIMITATIONS AND ACTIONS

1. None.

F. PROCEDURE

1. QEP 310-1 outlines the responses necessary for the various GSEP conditions. GSEP Tables 6.1-1 through 6.1-5 provide for the total scope of responses for all parties involved.
2. QEP 310-1 outlines the agency notifications necessary.
3. QEP 310-T1 gives the augmentation scheme for the Quad-Cities Station GSEP Directors and Support Personnel. QEP 310-T3 identifies the individuals capable of serving in the positions specified in QEP 310-T1. The call out lists of QEP 310-T3 are prioritized to facilitate achieving acceptable staff augmentation within 30 minutes.

APPROVED

APR 01 1982

Q.C.O.S.R.

- a. QEP 310-T3 is arranged so that the appropriate Director/Department Head/Group Leader is notified first. In all cases except for the Maintenance Director, these personnel can be on-site within 30 minutes.
 - b. All other personnel listed in QEP 310-T3 are shown by priority with respect to distance from the site.
 - c. In the case of the Maintenance Director, the lead person should be notified first, even though he cannot be on-site within 30 minutes. Then, the back-up Maintenance Director should be notified by priority to augment the site staff.
4. The TSC and OSC are activated for an alert, site emergency, or general emergency.
 5. For a general emergency, the Station Director must immediately notify the Illinois Emergency Services and Disaster Agency, the Iowa Office of Disaster Services, the Rock Island Communications Center, the Scott County Sheriff's Office, the Clinton County EOC, and the Whiteside County Sheriff and EOC. He recommends protective actions as necessary. Actions will be taken in accordance with state and local plans. The NARS system and Nuclear Accident Reporting Form should be used for this purpose.

G. CHECKLISTS

1. None.

H. TECHNICAL SPECIFICATION REFERENCES

1. None.
