50-286 SP

Dear Mr. Carter:

An unfair burden will be placed upon residents of the Town of Cortlandt if your hearings to determine the fate of the Indian Point nuclear complex are held outside the ten mile emergency planning area.

I have learned through the media that you are contemplating holding the forthcoming hearings at the Westchester County Courthouse in White Plains.

No constituency has more right to or need for access to the hearings than those in Cortlandt. These citizens who live and work within the ten mile area of the plant should have a fair opportunity to speak and many of them are unable to make the forty-six miles round trip to White Plains.

We hereby offer the Cortlandt Civic Center on Westbrook Drive which will more than adequately provide the space necessary for such hearings.

I look forward to hearing from you in the very near future.

Sincerely,

Charles G. DiGiacomo
