Dear Sir:

In accordance with the provisions of 10 CFR 50.54(p), please find enclosed copies of 1 through 5 of the Pilgrim Station Modified Amended Security Plan, Revision 8. This revision incorporates changes resulting from the cancellation of Pilgrim Unit #2, changes which provide a more understandable explanation of security systems functions and operations, and changes to eliminate duplication of commitments. All changes were subject to a careful review and do not decrease the safeguards effectiveness of the Plan.

Five (5) highlighted copies detailing changes are enclosed to assist you in identifying the changes.

Pursuant to 10 CFR 73.21 of the NRC's regulations, we are requesting that you withhold the information provided in Enclosure copies 1 through 5 and highlighted copies from public inspection.

Very truly yours,
