Mr. John F. Stolz, Chief
Operating Reactors Branch #4
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Stolz:

Your letter of March 10, 1982, requested additional information concerning our previous submittals on Bulletin 80-11, Masonry Wall Design, for Peach Bottom Atomic Power Station. We have forwarded this information to Bechtel Power Corporation and requested their assistance in responding to your questions.

At this time we have preliminary responses for all but two of the fifteen items in your letter. We are presently reviewing this information and preparing responses for the remaining questions. We will require additional time to complete our review and make any necessary revisions, therefore, we will submit a complete response to the items in your letter by May 28, 1982.

If you have any questions or require additional information, please don't hesitate to call.

Very truly yours,

JW Gallagher
