FREEDOM OF INFORMATION
 ACT REQUEST

FOIA-82-105

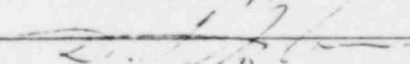

Rec'd 2-24-82

Dear Mr. Felton,

Pursuant to the Freedom of Information Act I would like a copy of those parts of Inspection Report 50-317/81-15, issued September 24, 1981, which dealt with the so called "chloride incident" of July 14, 1981 at Culbert Cliffs I. This incident was caused when Culbert Cliffs began a routine start up with a condenser tube removed, but unplugged. The bay water then flooded into the secondary cooling system. I do not believe these sections of the Report are properly withheld under 10 C.F.R. 2.796.

As this information is needed for a hearing to be held early in March, 1982; time is of the essence. I would very much appreciate it if you could expedite the handling of this case. When a decision on my request has been made could you please call me at 533-0508. Thank you.

Sincerely,

David Rosenbaum, President
