Re: Skagit/Hanford Nuclear Project,  
Units 1 and 2, Draft Environmental  
Statement

Dear Mr. Norris:

A staff review has been completed of your draft environmental statement. The document adequately considers known and anticipated cultural resources and the potential for impact to these. We note your commitment to identify, preserve, and protect cultural resources which are known or anticipated to be present in the project area.

Thank you for this opportunity to comment.

Sincerely
