Re: Metropolitan Edison Company  
(Three Mile Island Nuclear Station,  
Unit 1) Docket No. 50-289-SP  
(Restart Proceeding)

Dear Mr. Smith,

In response to your letter of May 6, 1982, regarding the service list in the above-captioned matter, it would be quite satisfactory for our purposes if the Office of Consumer Advocate were to remain on the list solely for the receipt of Board and Commission issuances. We have no objection to excusing other parties in the proceeding from continuing to serve this Office with other documents.

As you know, our participation in the NRC Restart proceeding has been extremely limited. However, our Office has assumed a primary role in state regulatory proceedings concerning the ratemaking treatment of TMI Unit 1. The present NRC proceeding is, of course, intimately related to the ratemaking proceeding, and we have therefore attempted to monitor the NRC case as closely as possible, given our own limited resources.

As noted above, we can accomplish this goal through the continued receipt of Board and Commission issuances and we have no desire to impose any additional expense on the parties to this proceeding.

Sincerely,

WALTER W. COHEN
