Dear Mr. Denton:

On April 15, 1982 we received a letter from S. A. Varga requesting modifications to two items of the Security Training and Qualification Plan Amendments (AEP:NRC:0569B) submitted on November 30, 1981. The two items concern the training and qualification documentation retention, and the security force familiarization with the night usage of their weapons. Attachment 1 to this letter is our response to these two items.

The attachment to this letter contains proprietary security information; in accordance with 10CFR 2.790, we request that the attachment be withheld from public disclosure and not placed in the Public Document Room.

This document has been prepared following Corporate procedures which incorporate a reasonable set of controls to insure its accuracy and completeness prior to signature by the undersigned.
