Re: Long Island Lighting Company
(Shore Nuclear Power Station,
Unit 1)
Docket No. 50-322(OL)
Part 70 License Application

Sirs:

We write to assure the members of the Board and the parties to this proceeding of our continued interest in both the Part 70 License Application and the above referenced licensing proceeding.

The limited resources, both legal and financial, of the North Shore Committee (NSC) and professional commitments on May 25th did not permit my appearance at the hearing this morning. The Board will recall that it was only at a conference call on the afternoon of May 20th that the possible need for an appearance in connection with the Part 70 Licensing Application became apparent. Until that time, the contentions being litigated did not involve NSC.

We understand from Mr. Latham, who was kind enough to call us this afternoon, that it is not clear that the requirements of Paragraph 2(b) of the September 18, 1979 Stipulation have been fulfilled. It appears that the Staff has not completed its review and approval of the adequacy of the training of LILCO personnel involved in the procedures and activities described in Paragraph 1 of the Stipulation.

Therefore, by copy of this letter to Mr. Bordenick, we request that we be kept currently and fully informed about the steps taken by the Staff to assure compliance with Paragraph 2 of the Stipulation.

As an important aside, we note for the record that, after a thorough search of our files, we are unable to find SNRC-683 (3-18-82), SNRC-686(4-5-82), and SNRC-688(4-12-82) referenced on page 1 of LILCO's May 22, 1982 Part 70 License Application submission. We are not impugning the assertions in the submission that the three documents were served upon all parties and the Board and have no desire to engage in controversy about them. We merely state the facts and, by a copy of this letter to Mr. Reveley, we request copies.

Aware that none of the parties are or will be in their offices this week, we have requested Mr. Latham, and he has kindly consented to this request, to deliver this submission to the Board members and parties at the hearing. We have, in addition, served copies by mail on all parties to this proceeding.

Yours truly,

Ralph Shapiro
