Attention: F. J. Long

Gentlemen:

The Georgia Power Company wishes to submit the following information concerning the violation discussed in your inspection report 50-424/82-06 and 50-425/82-06.

We concur with the finding identified concerning failure to follow procedure as related to the Heavy Rigging Program. The reason for the violation was failure to completely review and revise the procedure prior to the transporting of the Steam Generators.

The affected procedure has been reviewed and corrected. Other applicable site procedures have been similarly reviewed. Corrections and revisions are in progress.

Full compliance will be achieved by May 28, 1982.

This response contains no proprietary information and may be placed in the NRC Public Document Room upon receipt.

Yours truly,

D. O. Foster  
Project General Manager
