(INDIAN POINT UNIT 3) )

Docket Nos. 50-247 SP  
50-286 SP

Dear Judge Carter:

On behalf of the 23 members of the New York City Council who have been granted "Interested State" status in the above referred to matter by the Atomic Safety and Licensing Board in its April 2, 1982 Memorandum and Order, I hereby request an extension of the time period in which we must file formal testimony. We make this request reluctantly because, as public officials, we well recognize the importance of compliance with prescribed time schedules. Nonetheless, we are compelled to make this application.

503 We were represented by pro bono counsel who filed, on our behalf, our intervenor motions and supporting documentation. As yet, we have been unable to find similar counsel to represent us in the hearings phase of the investigation. We share the Board's assessment of the importance of our role in the upcoming hearings since without our active participation the point of view of those living in New York City will not be heard. For this reason, we sincerely hope that you and your colleagues on the Atomic Safety and Licensing Board will be favorably disposed towards our request for an extension.

We believe that no party - neither licensees nor intervenors - will be prejudiced by your granting an extension to us. This is especially so since the section of the evidentiary hearings which will deal with the contentions relating to New York City is the last scheduled.

It is our hope that we will be able to secure counsel sufficiently in advance of the New York City portion of the hearings so that neither the Board nor any party will be inconvenienced by our difficulty. We further hope that we will have counsel available to participate in the earlier hearing segments as well.

Thank you for your consideration of this application.

Sincerely,
