Dear Mr. Toalston:

DOCKET NUMBER 50-483  
CALLAWAY PLANT, UNIT 1

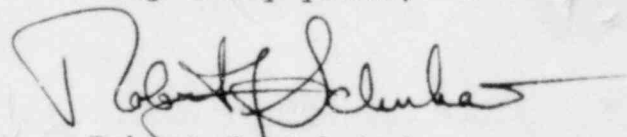

Ref: Your letter to Mr. John K. Bryan dated May 13, 1982

The referenced letter requested information on two recent inquiries to Union Electric concerning use of facilities for power wheeling. The referenced letter requested a response by 15 days from the date of your letter.

As discussed in our telephone conferences of May 24 and 25, Union Electric has been unable to determine that the requests discussed in the referenced letter were made, either verbally or written. At the conclusion of our May 24 call, you stated that you would determine if a more specific reference could be found. If we can determine specifically what requests were made, we will be more than happy to provide the requested information. We consider this letter to fulfill the 15-day request.

If I can be of further assistance in this matter, please advise me.

Very truly yours,

Robert J. Schukai  
General Manager - Engineering
