Use of INPO SEE-IN Program
(File: 1510, 2-1510)

Gentlemen:

Generic Letter No. 82-Ø4 (ØCNAØ38213) briefly discussed the INPO SEE-IN (Significant Event Evaluation and Information Network) program and encouraged its use. AP&L's Operations Assessment staff has been using SEE-IN and considers it to be a useful tool in the identification and evaluation of operating events.

We are pleased to see that the NRC recognizes and appreciates the potential of this system and is advocating its use to other utilities.

Very truly yours,

John R. Marshall
Manager, Licensing
