Response to Management Appraisal
Inspection 50-271/81-3(PAS)

Dear Sir:

Subject: Management Appraisal Inspection 81-3 Commitment

Item 2.a(2)(f) of the referenced response provides a commitment date of March 1982 to review and revise department training procedures to provide documentation of on-the-job training (OJT).

The affected procedures are currently being reviewed and rewritten to include the OJT documentation and other changes required by the latest revision of the Plant Staff Training Procedure, AP 0700. As this involves major changes to certain procedures, the review and approval cycle will extend their issuance beyond our previous commitment date. This will now be accomplished by June 1, 1982.

We trust that this revision to our previous commitment is acceptable. However, should you have any questions, do not hesitate to contact us.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
