Mr. Tupper Kinder
Assistant Attorney General
Office of the Attorney General

Re: Seabrook Station Operating License Process--Intervenor Status.

Tupper:

This letter confirms our recent discussions on the subject. Since you will be representing the State and the health, safety and welfare of its residents in this NRC licensing procedure, I recognize that my application for intervenor status is redundant. By copy of this letter, I am also informing the NRC of my decision to withdraw my earlier request for intervenor status.

Since House Concurrent Resolution No. 6 was embodied in House Joint Resolution No. 2, establishing our state policy on energy, I know that our goals and objectives are essentially identical; therefore, I will be pleased to assist you in your responsibilities in this activity.

Cordially and sincerely,

Arnie Wight
