

BEFORE THE ENERGY FACILITY SITING COUNCIL
OF THE STATE OF OREGON

In the Matter of the Application)
by Portland General Electric)
Company, et al, for a Site) FINAL ORDER
Certificate for the Pebble Springs)
Nuclear Power Plant.)

At the Energy Facility Siting Council's April 9, 1982, meeting, the President of the primary applicant, Portland General Electric Company, informed the Council that Portland General Electric Company was withdrawing its application for a site certificate.

Portland General Electric Company, in its presentation, noted that recent developments, including new load growth forecasts, the effect of Oregon Ballot Measure #7, events involving the Washington Public Power Supply System, and passage of the Regional Power Bill had led the applicant to the conclusion that the application for a site certificate should be withdrawn.

Based upon the foregoing:

(1) All further proceedings in the Pebble Springs site certificate application pending before the Council are hereby terminated;

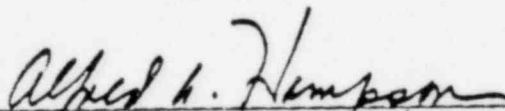

(2) The application by the Portland General Electric Company for a site certificate is hereby denied; and

(3) The Portland General Electric Company is directed to advise the Federal Nuclear Regulatory Commission of the

action taken by this Council in order to obviate the need for the hearing scheduled for April 20, 1982, and it is further ordered that the Portland General Electric Company take such action before the Federal Nuclear Regulatory Commission to carry out the intention of this order.

IT IS SO ORDERED.

Dated this 9th day of April, 1982.

Alfred A. Hampson, Chairman
Energy Facility Siting Council

NOTE: This Order may be appealed to the Oregon Supreme Court pursuant to the requirements of ORS 469.400.
