Dear Mr. Fouchard:

Enclosed you will find a copy of correspondence which I have received from Ms. Virginia W. Splitt. I believe that it is self-explanatory.

Any information that you can provide pertaining to this problem that will help me respond to my constituent will be greatly appreciated. Your response may be sent to the attention of my special assistant, Robert Engle, at the address below.

Thank you for your time and effort in pursuing this inquiry. I look forward to hearing from you soon.

Sincerely,

Paula Hawkins

The Honorable Paula Hawkins
United States Senator

Dear Senator Hawkins:

Enclosed please find copies of correspondence concerning the Crystal River Nuclear Plant. In accordance with your letter of August 20, 1981, I am notifying you that I have not had the courtesy of a reply from anyone in the N.R.C. The plant continues to shut down--it has been either 4 or 5 times since it came back on the line in mid December that it has had to be off the line!

Sirens continue to malfunction...the one in Yankeetown just sounded off, according to residents there, not long ago. And still, when inside my home, with no appliances, T.V., etc. going, I am unable to hear the klaxon with the doors and windows closed.

It is obvious to me that there are those within the bureaucracy of the U.S.N.R.C. that are not concerned. Perhaps they need to be weeded out and a new garden planted.

Sincerely,

Virginia W. Splitt
