Dear Mr. O'Reilly:

Concerning Infraction No. 413-414/81-03-01, while all reinspection was completed and all questionable welds identified prior to our planned completion date, we have not yet stated our final resolution for the repair (if required) on these welds. We will state this final resolution on NCI #12148 by May 1, 1982.

Very truly yours,
