Dear Mr. Haynes:

We have discovered a typographical error in a recently submitted Licensee Event Report (LER 2-82-08). One Page 2 of our report, the diesel fuel oil storage tank inventory was incorrectly reported as being below 140,000 gallons for a maximum of 12 hours. This figure should have been 104,000 gallons. Attached is a revised LER correcting this error.

If you have any questions or require additional information, please don't hesitate to call.

Very truly yours,

M. J. Cooney
Superintendent
