April 21, 1982

Docket No. 50-364

Director, Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Attention: Mr. S. A. Varga

Joseph M. Farley Nuclear Plant - Unit 2
Corrected Page For Spent Fuel Pool Modification Amendment 3

Gentlemen:

Enclosed is corrected page III-7 to the Unit 2 Spent Fuel Pool Modification Amendment 3. The original page III-7 inadvertently stated that the high-density racks will be installed wet since there was fuel in the storage pool. There is no fuel in the storage pool and thus the racks will be installed dry.

If you have any questions, please advise.

Yours very truly,

F. L. Clayton, Jr.
for *F. L. Clayton, Jr.*
