Docket No. 50-302  
Operating License No. DPR-72  
Semiannual Effluent and Waste Disposal Report

Dear Mr. Denton:

Florida Power Corporation, by letter dated February 8, 1982, David G. Mardis to Harold R. Denton, requested an extension of the submittal date for the second half of the 1981 Semiannual Effluent and Waste Disposal Report to June 1, 1982. The delay was due to a malfunction in the meteorological magnetic data recording equipment resulting in manual reduction of this data from strip chart recordings. As stated in the previous correspondence, the data was expected in late April but was not received until May 6, 1982. Because of this delay, the estimated completion date for the Report has been revised to July 1, 1982.

If you have any questions, please contact this office.

Very truly yours,

*David G. Mardis*
