U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

In the Matter of  
The Regents of the University of California  
(UCLA Research Reactor)  
Docket No. 50-142  
(Proposed Renewal of Facility License)

RE: APPLICANT'S RESPONSE TO CBG'S RESPONSE TO APPLICANT'S OBJECTIONS  
TO RELEASE OF A CERTAIN PHOTOGRAPH

Dear Administrative Judges:

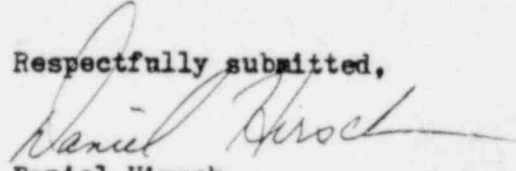

By pleading dated June 4, 1982, Applicant filed a response to CBG's May 18 response to Applicant's May 3 objections to release of a photograph taken by CBG on an inspection some months earlier.

Such a response appears to CBG to constitute an impermissible answer under 10 CFR § 2.730(c), which prohibits responses to responses without leave of the presiding officer. No such leave was requested by nor granted to Applicant as to its June 4 argument.

Should the Board decide not to disregard Applicant's response as at variance with the rules of practice, CBG respectfully requests leave to respond to those portions of Applicant's June 4 pleading which CBG views as not accurately representing the matters addressed therein.

DS03

Respectfully submitted,

  
Daniel Hirsch  
President

COMMITTEE TO BRIDGE THE GAP
