Subject: LaSalle County Station Units 1 and 2  
ASME Code Case N-308  
NRC Docket Nos. 50-373 and 50-374

Dear Mr. Schwencer:

The purpose of this letter is to confirm a telecon between Dr. A. Bournia of your staff and C. W. Schroeder of Commonwealth Edison Company. It is our understanding that the NRC approves the use of ASME Code Case N-308. This code case accepted the use of NIS-2 reports to document changes and repairs as required under Section XI. Commonwealth Edison plans to utilize this form to document Section XI repairs currently in progress at LaSalle. Use of this form will not cause any variation from existing Section XI requirements.

If there are any further questions in this matter, please contact this office.

Very truly yours,

*CW Schroeder* 7/6/82
