Attention: Mr. Harold R. Denton

Dear Mr. Denton:

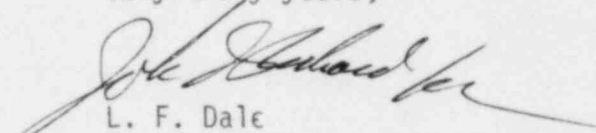

SUBJECT: Grand Gulf Nuclear Station
Units 1 and 2
Docket Nos. 50-416 and 50-417
File 0260/L-860.0
Replacement of SRC Member
AECM-82/320

Due to expanded personal work loads, Mr. Ellory Hammond, a consultant member of the Mississippi Power & Light Safety Review Committee (SRC), has concluded that he can no longer provide the required support demanded by his MP&L SRC position. For this reason he has elected to tender his resignation from this committee effective July 7, 1982.

Mr. Hammond has been replaced by former NRC Commissioner, Dr. Joseph Hendrie. It is believed that Dr. Hendrie brings valuable experience and insight into the SRC and is uniquely qualified to fill the above noted SRC vacancy.

If further information is required, please advise.

Very truly yours,

L. F. Dale
Manager of Nuclear Services
