The purpose of this letter is to provide information that was inadvertently omitted in our March 12, 1990 letter concerning property insurance coverage for Limerick Generating Station (LGS) and Peach Bottom Atomic Power Station (PBAPS).

The March 12, 1990 letter was submitted in accordance with CFR 50.54(w), and specified that Philadelphia Electric Company maintains \$2,035,000,000 of property insurance for both PBAPS, Units 2 and 3, and LGS, Unit 1. Although the amount of property insurance coverage indicated for both facilities was accurate, the letter did not reference LGS Unit 2 as being included under this insurance coverage. The amount of property insurance coverage that is available for LGS, does include Units 1 and 2. Therefore, Unit 2 should have been referenced in our
