Dear Mr. Gallo:

The purpose of this communication is to inform you that the licensed operator requalification training program at the James A. FitzPatrick Nuclear Power Plant has completed the transition to a program based on the "Systems Approach to Training" as referred to in 10CFR 55.4 and 10CFR 55.59. When the program was reviewed for reaccreditation by the Institute of Nuclear Power Operations in February 1990, no flaws were noted in this process.

If you have any questions regarding the training program, please contact Mr. Donald F. Simpson, Training Superintendent, at (315) 349-6451.

Very truly yours,

WILLIAM FERNANDEZ
