Mr. Thomas E. Murley  
Director of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Murley:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)  
Operating License No. DPR-50  
Docket No. 50-289  
Certification of TMI-1 Simulation Facility

In accordance with 10 CFR 55.45.b.5, GPUN hereby certifies to the Commission that the Three Mile Island Unit 1 Simulation Facility consists solely of a plant-referenced simulator as defined in Part 55.4 and meets the Commission's regulations. NRC Form 474, Simulation Facility Certification, including the exceptions taken to ANSI/ANS 3.5-1985, a performance test abstract, a description of scheduled performance (operability) testing and Simulator Certification Documentation are attached.

Also enclosed, per verbal request, are copies of the resumes of personnel involved in the above certification. GPU Nuclear requests these resumes be withheld from public disclosure in accordance with 10 CFR 2.790(a)(6).

Sincerely,

  
J. B. Fiedler  
Vice President & Director  
Nuclear Assurance
