Subject: 1990 Evaluated Emergency Exercise Objectives

Dear Mr. Davis:

Enclosed find four copies of the Davis-Besse Nuclear Power Station September 19, 1990, Evaluated Exercise Objectives. The 1990 Exercise is a station-only exercise with participation by NRC Region III Staff. Because the Davis-Besse NRC Resident Inspector is a player in this exercise and Region III Exercise Objectives are included in this submittal, the copy of the objectives normally submitted to the Resident Inspector is enclosed with the three copies normally submitted to you. The distribution of this copy to the Resident Inspector is at your discretion.

In order to better ensure a successful exercise, please provide any comments on this package to Mr. B. P. DeMaison, Manager - Emergency Preparedness, at (419) 249-2377, by July 9, 1990.

Sincerely,

AVA/ssg
