Gentlemen:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
Guard Training and Qualification Plan Revision 7
Submittal Under 10 CFR 50.54 (p)

Florida Power and Light Company (FPL) has issued Revision 7 to the Turkey Point Training and Qualification Plan and has determined that the revision does not decrease the safeguards effectiveness of the plan. Pursuant to 10 CFR 50.54 (p), a description of the revision and copies PTNTQP-R07-4 through PTNTQP-R07-7 of the plan are enclosed.

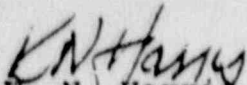

As discussed with regional personnel, due to an administrative error this submission was not made within 60 days of the approval of the revision. Administrative controls have been established to prevent this from occurring in the future.

Enclosure 1 to this letter is a listing of changes incorporated in a set of marked-up Revision 6 pages. Enclosure 2 contains directions for incorporating Revision 7 and copies of Revision 7 of the plan.

The enclosed material does not contain safeguards information.

By copies of this letter, we are forwarding copies of PTNTQP-R07-2 and 3 to the Nuclear Regulatory Commission, Region II.

Very truly yours,

K. N. Harris
