Gentlemen:

In accordance with the October 14, 1983, Memorandum and Order in the captioned proceeding, the Washington Public Power Supply System hereby submits its twenty-seventh quarterly status report regarding construction activities at WNP-1.

During the second quarter of 1990, no significant safety-related construction activities were performed at WNP-1, although a limited engineering effort was continuing. We do not anticipate any change in this level of activity during the next several months.

Sincerely,

Nicholas S. Reynolds
