The NRC has an open meeting policy that designates the level of public participation for each staff meeting. This is a Category 3 meeting. Public participation is actively sought for this meeting to fully engage the public in a discussion of regulatory issues. The NRC staff welcomes your input, and as a member of the public, you are welcome to provide your input. You will not have a designated speaking time on the agenda. During tomorrow's meeting, we will actively solicit input from those attending in person and those attending remotely through the Webinar. As a matter of fairness to all participants, you will be allotted the same time as other participants from the public.

Please let me know if you have any questions or concerns.

Sincerely,  
Helen Chang

Hello Ms. Fields,

If I participate via the Webinar, will I get a certain time slot to speak? Or should I just call in at 2 p.m. tomorrow? I do not believe that I will need more than about 10 minutes.

Thank you,  
-George
