SUBJECT: AP600 DESIGN AND DESIGN CERTIFICATION TEST PROGRAM  
OVERVIEW, REVISION 3

Dear Mr. Borchardt:

Enclosed with this letter is Revision 3 of the AP600 Design and Design Certification Test Program Overview. The enclosed document provides an overview of program plans for AP600 test programs supporting both design and design certification efforts. The bulk of the material provided in the enclosure has been previously supplied to the NRC and has been discussed during meetings on specific test programs. The enclosed document provides a convenient vehicle for consolidation of AP600 test program information.

Westinghouse will provide the staff with periodic updates to this document. These updates are currently planned on a monthly basis.

Please contact Brian A. McIntyre on (412) 374-4334 if you have any questions concerning this transmittal.

Very truly yours,

N. J. Liparulo, Manager  
Nuclear Safety & Regulatory Activities
