Gentlemen:

In the Matter of)	Docket Nos. 50-259
Tennessee Valley Authority)	50-260
		50-296

**BROWNS FERRY NUCLEAR PLANT (BFN) - TVA BFN TECHNICAL
SPECIFICATION (TS) NO. 313 - HIGH RANGE PRIMARY CONTAINMENT
RADIATION MONITORS AND RECORDERS AND WIDE RANGE GASEOUS
EFFLUENT RADIATION MONITOR AND RECORDER - UNITS 1, 2, AND 3**

In accordance with the provisions of 10 CFR 50.4 and 50.90, TVA hereby submits a request for an amendment (TS-313) to licenses DPR-33, DPR-52, and DPR-68 to change the BFN TSs for Units 1, 2, and 3 (Enclosure 1).

The proposed amendment for Units 1 and 3 adds the high range primary containment radiation monitors and recorders to Tables 3.2.F, 4.2.F, and TS Section 6.9.2 in response to NUREG 0737, Item II.F.1.3. The wide range gaseous effluent radiation monitor and recorder, which were added to the plant during the Unit 2 restart effort in response to NUREG 0737, Item II.F.1.1, monitor potential releases from any of the three units. The proposed amendment for Units 1 and 3 adds this existing wide range gaseous effluent radiation monitor and recorder to Tables 3.2.F, 4.2.F, and TS Section 6.9.2. The proposed amendment for Unit 2 is an administrative change. It clarifies that the high range primary containment radiation recorders and monitors are both part of the instrument loop. The amendment for Units 1 and 3 is essentially the same as the Unit 2 TS changes which were

approved as Amendments 125 (BFN-TS-199), dated August 19, 1986, and 171 (BFN-TS-266), dated August 22, 1989.

TVA has evaluated the proposed TS amendment against the criteria provided in 10 CFR 50.92 and has determined that no significant hazards considerations are involved. A reason for the change, description, and justification in support of the proposed amendment are enclosed (Enclosure 2). A determination of no significant hazards consideration is provided in Enclosure 3. TVA requests that these specifications be made effective 30 days after issuance.

If there are any questions, please telephone me at (205) 729-2636.

Sincerely,

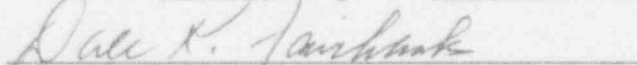

Pedro Salas
Manager of Site Licensing
